GICLÉE PRINTS

ABOUT

Art de Joulie offers a collection of colorful, vibrant, happy art all hand-painted or colored by Paulette Narinesingh, our Artist and Director. Her native twin-island of Trinidad and Tobago, her travels and the traditional wear and cultures of indigenous peoples all inspire her work.

Who said that beautiful art is only for walls?

At Art de Joulie, we bring you more - beautiful art to brighten your wall spaces, and on practical pieces you can use and enjoy everyday. Choose your favorites from our range of prints, comfortable clothing, journals for writing, mugs for your morning coffee or tea, and a selection of bags for your getaways or daily activities, among other treasures. They even make the perfect Caribbean-inspired gifts!

This catalogue offers a selection of themed giclée prints that are available in many sizes. Please see the contact page for enquires.
